Lava Cantina's menu is described as Creole Food with a Mexican Twist! Yes, we recognize that this may be odd to some folks, but as a family, it has been our goal to present a one-of-a-kind concept, menu and concert-going experience, and we hope you LOVE it. If you came in expecting Tex-Mex, just reset for a moment and take it all in. Many of our dishes are inspired by some of the most famous restaurants out of New Orleans and are a direct representation of our South Louisiana heritage. When our first landlord required us to open as a Mexican restaurant, we did not want to let go of our amazing Creole dishes, so we put our heads together and developed a fantastic twist by merging the two Worlds together!

We prepare everything from scratch and have an awesome selection of some pretty amazing dishes. Our MAIN EVENTS are where we hang our culinary hat, but if you're just coming in to have a little fun, snack and catch a show, you might also enjoy our "bar fare" with some Lava Nachos, Quesadillas and Rock St Tacos!
